THE GAFFERS VIEWPOINT

"SUMMER DAYS SUMMER DAYS"

I am a great believer in Summer Soccer — I am a great believer in change when it's necessary! Soccer during the warmer climes must be appreciated by both performers and spectators. Can't be any argument!

At the beginning of season 83-84 I travelled to watch Ipswich v Spurs at Portman Road. Beautiful sunny day with spectators strolling to the game in 'shirt sleeve order'. It was a great sight and left a permanent impression. Just like Cup Finals at Wembley in May!

My season would be April to November (or December, if necessary) where frost, snow, biting colds were the exception instead of the rule. The old argument that football is a Winter game is totally unfounded now in 1986. Even Saturdays as the "football-day" no longer holds strength — that has to be re-thought about seriously!! Sunday would be the favourite day!

Going to Church, cricket, finals, world soccer competitions, other sporting moments are "old chestnuts" and shouldn't stand in the way of progress, not even the arguments about when Winter ends and Summer begins!! There shouldn't be any argument!

The pundits say (and they could be right) that soccer is ailing. Perhaps society is ailing!! (even heard on the radio that late night buses have been cancelled in Plymouth because of wait for it hooligans!!) I was waiting for the word "soccer" to be mentioned again. Quite amazing — it wasn't!!

Let's market our product of soccer with great thought for spectator and player alike. Let's get down to the "brass tacks" of our business.

There's no argument and I'll pose a question. How many want to watch in freezing conditions, rain and winds.

'Ciderman'

Our Visitors today..

SIMON FARNWORTH (*Goalkeeper*) Voted Player of the Season by the fans last term in only his second full season in League football! Under the watchful eye of Charlie Wright, who has coached him since his school days, Simon has developed into one of the most promising talents on the North West scene, and deserved his recognition under the Robinson's Young Player award scheme.

DEREK SCOTT (*Defender*) The highly versatile Gateshead lad and former England Schoolboy international signed from Burnley in the summer for £20,000 after 10 seasons of first team football with the Clarets. It was the third time Wanderers had tried to sign him.

JIMMY PHILLIPS (*Defender*) A home town boy who emerged last season at left back and as a central defender with many encouraging qualities.

DAVE SUTTON (*Defender*) The former Plymouth central defender joined Bolton for £12,000 in the close season after eight years with Huddersfield where he was club captain and enjoyed two promotion campaigns including a Fourth Division Championship success.

MARK CAME (*Defender*) The big centre half made a forceful impact last season his first in League football after joining Wanderers from non-league Winsford.

ASA HARTFORD (*Midfield*) A half-century of Scottish international caps behind him, the seasoned midfield player joined Wanderers in the summer after his shock release by Norwich City, for whom he scored the winning goal in last season's Milk Cup Final against Sunderland. Clydebank-born, Hartford started his career with West Brom and in spells with Manchester City (twice), briefly with Nottingham Forest and two years with Everton, he was regarded as one of the most influential of British midfield players.

WARREN JOYCE (*Midfield*) An award as one of the North West Young Players of last season was a fitting reward for the determined young sporting all-rounder who has been a regular in the Bolton midfield since making his debut at the age of 19 in April, 1983.

STEVE THOMPSON (*Midfield*) A powerful shot is just one of the assets of the strong young midfield player who has been a first team regular for two seasons.

GRAHAM BELL (*Midfield*) In his third season with the club, Graham joined the Wanderers from Carlisle in January 1984 with a wealth of experience after spells in the North West with Oldham and Preston.

TONY CALDWELL (*Forward*) The club's top scorer in successive seasons since being snapped up by the Wanderers from a local non-league club in the summer of 1983. Within two months of hitting the League scene he scored a club and Third Division record five goals in a League game against Walsall.

GEORGE OGHANI (*Forward*) Twenty-one goals last season proved that the talented striker who made goalscoring his business in his non-league days also had the instinct to make it in the Third Division.

"DON'T PULL MY LEG"

This grim winter weather which has resulted in wholesale postponements of football league matches has come at a bad time for league clubs. Following on the traumas of Brussels, Bradford City and Birmingham came the inevitability of all Football League clubs becoming designated under The Safety of Sports Grounds Act.

Fair enough one would say but in many places throughout the country the authorities have gone well over the top with a result that already struggling clubs with diminishing gates have been burdened with expensive work to do on their grounds, a lot of it through bureaucratic nonsense.

Some Secretaries I have spoken to with long experience at their clubs complain of over officious individuals demanding expensive alterations done or parts of their grounds will be closed. No time limit given, just get on with it or we will wield the big stick. Totally out of order in my view. No financial help from the government either.

All they come out with is an expensive, unworkable identity scheme which has already infuriated the fans who have threatened to boycott clubs if this is forced on them.

Football hooligans — so called — give clubs a bad name and they are not wanted at any grounds. But don't tell me they are hooligans from 3.00 p.m. to 4.40 p.m. on Saturdays only. Do they become model citizens for the rest of the week. Don't pull my leg!

The government have to take the blame here. They should instruct the courts to make the punishment fit the crime. Send them to prison for long terms. Let us have deterrents so that these morons are afraid to act in the terrible way they do throughout the country. Stop fans travelling abroad if and when F.I.F.A. lift the ban on clubs playing in Europe. Withhold passports. Its hard lines on the genuine fans but they can watch it on T.V. like the rest of us.

If all this wasn't enough, we now have the panic stricken clubs in the 1st Division trying to make up the loss of their European cash by grabbing the T.V. and sponsorship money for themselves and to hell with the 3rd and 4th Division clubs.

Where do a lot of their players come from for a start — the lower Divisions of course.

We have a perfect example today in visitors Bolton's manager Phil Neal. Liverpool signed him from Northampton in the 4th Division and he gave them years of service, played for England and became skipper. And what about some of his colleagues like Kevin Keegan and Ray Clemence (Scunthorpe Utd.) and Ian Rush (Chester).

All in all it's a pretty grim picture — but make no mistake we shall battle on despite everything.

"In my opinion..."

by Derek Henderson

LET'S ALLOW ROBSON TO DO HIS JOB!

There are times when the few mavericks in my profession give the rest of us ordinary journalistic mortals a bad name. I cannot remember the last time I saw a newspaperman on TV or in films portrayed as anything other than a shabby-mack character who frequents seedy pubs and ready to sell his mother as long as it gets him a story.

One day, I'll write a play about a decent, honest reporter — and nobody will either believe it or stage it. However, having got that thorny point off my chest, it brings me to another of those stupid, downright irresponsible Press articles which make the majority of us wince in embarrassment — the man who suggested that rather than England playing Egypt, they would be better off enjoying a round of golf.

Admirable fodder, as you would imagine, for a head-shaking Bobby Robson as he faced the cameras after his side's 4-0 win in Cairo.

If I remember his words, he said something about 'sheer lunacy' and went on to observe: "Sometimes I don't know how people get....jobs" Nor me, Bobby. I think if I'd been England manager, my words would have been stronger.

What has Robson got to do to earn the time of day from some of our flashier, whiz-kid football writers?

Robson is doing precisely what he ought to be doing — grabbing every opportunity to get his squad into action before Mexico, whether it's against Egypt, Upper Volta or Haiti Reserves. The tests against sterner opposition are already planned in the spring, so what's so heinous about playing Egypt?

It gave Peter Shilton a chance to prove he's still probably the best international goalkeeper in the world, it restored the badly-shaken faith of Gordon Cowans, it gave Danny Wallace and Peter Beardsley a taste of 90 minutes in a senior England shirt, and so on...

If Robson had chosen to lose himself in the winter months while other leading Mexico lights are fiercely preparing for June, he would have been rightly criticised. But when he arranges games against Egypt and Israel which are all part and parcel of the build up for the World Cup finals, what do we get? Chumps suggesting they should be on the golf course.

Robson has had more than his share of slings and arrows ... Revie may have deserved his in retrospect and even Greenwood to a much lesser extent. But when you think he had to experience a concerted campaign by a national newspaper to remove him from office not so long ago (before England became the only European nation to qualify for Mexico without losing a game) he has come through it all with dignity.

I believe considering the awesome constraints put upon England managers by our autocratic League system, no one could have done better. So why not let him get on with the job and leave any criticisms until AFTER Mexico?

Each week this programme will include a statistical history of Argyle, season by season, since they first entered the Football League in 1920. This provides a wonderful opportunity for Argyle fans to acquire a complete factual history of the club's playing record. Start saving now to make sure you collect the set.

ARGYLE MEMORIES

The nucleus of one of Argyle's strongest ever sides was discovered during this season with the emergence of players like Gordon Astall, Len Boyd, George Dews, Pat Jones, Paddy Ratcliffe, and Maurice Tadman.

The credit for capturing them belonged mostly to a new manager, Jimmy Rae, who took over when Mr. Jack Tresaden resigned.

But the influx of talent didn't bring any immediate improvement in playing fortunes with Argyle again only just avoiding relegation.

Plymouth Argyle were delighted to take part in the Channel Engineering Invitation 5 A Side Championships for the George Barnes Trophy, held at the Mayflower Centre.

The team, managed by Brian Wilkinson, gave a fine performance and went on to win the Trophy.

The West Devon Referees Association decided to donate the £204 profit from the Championship equally between the Freedom Fields Hospital Special Care Baby Unit and the Referees Association National Benevolent Fund.

AROUND THE NINETY-TWO

*A regular column of news from
the clubs of the four divisions*

The flamboyant John Bond has begun possibly the hardest task of his colourful managerial career — to try to drag **BIRMINGHAM CITY** from what seemed like an almost impossible relegation situation.

He began well with a single-goal victory at **OXFORD** and his first signing was that of Steve Whitton on loan from **WEST HAM**. Now the Bond plan is to lure Trevor Francis back from Italy to his old St Andrew's ground where he was such a favourite.

Despite the ban on alcohol, **TOTTENHAM** have landed a £750,000 three-year sponsorship deal with Holsten, the German brewers. It gives them a £250,000 increase on their old contract which ends this season after three years.

Fuss at the City Ground where **NOTTINGHAM FOREST** director Mr Frank Allcock, a shareholder for 30 years, resigned after comments made by manager Brian Clough in a Forest programme. Mr. Clough alleged that Mr Allcock and a former director Mr Derek Davis were offering 7-1 against Forest winning at **MANCHESTER UNITED**. Forest won the game 3-2 and it looks like game, set and match to Mr Clough.

Norman Whiteside has been punished with the first suspension of his eventful playing career. The 20-year-old **MANCHESTER UNITED** forward's booking at **WEST HAM** took him past the 20 points mark and brought him an automatic two-match ban.

READING and **BRENTFORD** were involved in a record deal for both clubs when Terry Hurlock, the 27-year-old Bees captain signed for the runaway Third Division leaders for £90,000. Hurlock made 350 appearances in six years at Griffin Park.

Remember Jimmy Holmes, **TOTTENHAM**'s Eire international full back who was once with **COVENTRY**. He is now manager of Gola League club Nuneaton Borough.

The 3-1 home defeat of **MIDDLESBROUGH** by promotion hopefuls **CHARLTON** brought on the resignation of Borough boss Willie Maddren and pushed the Londoners into third place in the Second Division race.

WALSALL have never been any respecter of reputations since their famous F.A. Cup win over **ARSENAL** in the thirties — the first of the headline-catching giant-killing acts. And they gave **READING** a nasty reminder that they are just as capable of being thrashed as anyone else with a 6-0 beating of the Elm Park club at Fellows Park.

Strange how fate can change fortunes — and destinies., Chris Nicholl and Tony Barton — who were inexorably tied up at **ASTON VILLA** not so long ago, are now controlling things at **SOUTHAMPTON** with Barton No. 2 to Irishman Nicholl, the former Villa centre-half. Barton, of course, was Villa manager before having a short spell as boss of **NORTHAMPTON**.

It's not often that **NORWICH** manager Ken Brown is moved to complain about referees. But he and his team were upset about **BARNSELEY**'s 86th minute equaliser at Oakwell — they maintained that Gwyn Thomas's goal had not crossed the line.

Our captain Gerry McElhinney in the thick of the action as usual.

PRESS REPORTS

ARGYLE - 0 DONCASTER ROVERS - 1

Harley Lawer

Argyle's plight — so much possession and yet so little to show for it — was merely compounded when Clayton also squandered a cross laid into him by Garry Nelson with ample time and space to force the ball home.

But Clayton, diving in, failed to connect, finished on the floor and the ball passed harmlessly by.

Russell Coughlin, seeing keeper Andy Rhodes off his line, almost landed a majestically struck shot from fully 30 yards.

Argyle fans — gamely trying to rally their team for one more try — were silenced when that man Buckley again squeezed clear. This time Crudgington's advance forced him to shoot and the ball bounced a yard wide.

If that was a close call, there was no room for doubt when Doncaster put together another crisp flowing move down the right to snatch an 81st minute winner.

Jim Dobbin crossed, Mick Stead raced in to hammer a shot that Crudgington did remarkably well to parry but only as far as Colin Douglas, who gobbled up the rebound.

Sunday Independent

Staff Reporter

Colin Douglas shattered Argyle's 13-match unbeaten home run with an 81st minute goal.

Jim Dobbin created the chance with a fine run. Keeper Geoff Crudgington then failed to hold Mike Stead's shot and Douglas nipped in.

It was a bitter blow to Plymouth's promotion hopes, but strikers Steve Cooper and John Clayton must take a major slice of the blame for this defeat.

Plymouth Argyle Supporters Association

London Branch

ARGYLE'S LONDON SUPPORTERS

The London Branch of the Argyle Supporters' Association is delighted to support P.A.F.C. by sponsoring today's match against Bolton Wanderers. This is the highlight of their sponsorship activities this season — they have additionally sponsored John Uzzell's playing kit and sponsored the match ball for the home game against Wolves.

The London Branch boasts nearly 350 members. You don't have to live in London — anyone can become a member! It costs only £4.50 per year to join (£1 if you are under 16 or over 65).

What do you get for your money? An excellent monthly magazine — the "Pasty News" — which features match reports and articles by members and news of all London Branch activities. These include running successful football, darts, pool and quiz teams, and organising a wide range of social occasions. But the most important function is arranging travel to matches for its members. Cheap train trips are organised to almost every away game and to major home matches. PASALB also publishes a "Third Division Travel Guide" every season, featuring street maps, road routes, train times and meeting places for every away game. This Guide is mailed free to every member.

This year the London Branch is celebrating its tenth anniversary, and a dinner is being staged at Paddington's Great Western Hotel in June to mark this milestone.

To join the London Branch, write to its membership secretary (with cheques to PASALB): Richard Blackler, 54A Green Lane, London W7 2PB.

PLYMOUTH ARGYLE FOOTBALL CLUB

Dear Supporters,

Tonight's match was to have been played on the 1st March. Due to a frozen pitch however, the fixture was called off by which time of course this programme had been printed and delivered.

In these days of stringent economy you will appreciate we cannot afford to scrap the original programme.

I am sure therefore you will fully understand why we have no alternative but to insert this updated team sheet and to add our sincere apologies.

Stewart Soutter, Sales Executive.
